A DEVOTIONAL EXERCISE.

Teacher—Whose day is this?

School—This is the day the Lord hath made, we will rejoice and be glad in it.

Teacher—Where shall we walk pray tell us; and how can we find the way?

School—In all the ways acknowledge Him, and he shall direct thy paths.

Teacher—Where can we look for strength to help us through the day?

School—The joy of the Lord is in our strength.

Teacher—Where shall we wisdom find our knowledge is so small?

School—Call unto me and I will answer thee and show thee great and mighty things which thou knowest not.

Teacher—Would the Lord be angry if we should chance to fall?

School—The Lord is very pitiful and of tender mercy.

Teacher—And does He love us enough that he will help us so?

School—Yea, He has said I have loved thee with an everlasting love.

Teacher—How can little children serve the Lord; they love Him and long to know?

School—Be kind to one another, and what so-ever thy hands find to do do it with all thy might.

Teacher—What is the best thought we can take with us when the day with its lessons are o'er?

School—What hast thou gleaned to-day and who made happy.

Teacher—Who will be with us when darkness comes once more?

School—The Lord will be with us and watch over us and give us rest.

Teacher—Who leads us by day as well as watch over us by night?

School—The Lord is my shepherd I shall not want, He maketh me to lie down in green pastures; He leadeth me beside the still waters; He restoreth my soul; He leadeth me in the paths of righteousness for his name sake.

Summary of Colonies and States.

The first enduring settlement,
Where English people stayed,
At Jamestown in Virginia,
In sixteen-seven was made.

In sixteen-fourteen at New York,
Wrecked Dutchmen built a shanty ;
To Massachusetts Pilgrims came,
In sixteen hundred twenty.

New Hampshire lands were occupied
In sixteen-twenty-three ;
In thirty-four to Maryland,
Came Catholics across the sea.

From thirty-three to thirty-six
Connecticut was won,
In thirty-six by William's friends
Rhode Island was begun.

The Swedes encamped in Deleware
In sixteen-thirty-eight ;
In sixty-four, Elizabethtown,
Began New Jersey's state.

The English navy took New York,
In sixteen-sixty-four,
And from this time the colony
An English title bore.

Year sixteen hundred fifty
Is North Carolina's date.
In sixteen seventy, began,
South Carolina State.

Penn came to Pennsylvania
In sixteen eighty-two ;
In seventeen hundred thirty-three,
To Georgia debtors go.

These thirteen States the Union formed
And scarce three million held ;
Now forty-five compose the land,
With seventy million filled.

Now six small territories,
Within the western border :
And thirty-two new States have been
Admitted in this order.

Vermont, Kentucky, Tennessee,
Ohio, Louisiana ;
The latter fairly bought from France,
The next was Indiana.

Then Mississippi, Illinois
With Alabama, Maine,
Missouri and Arkansas next ;
And then came Michigan.

New Florida and Texas next,
With Iowa come on ;
Wisconsin, California,
Minnesota, Oregon.

Then Kansas, West Virginia,
Nevada forms a state ;
Nebraska, Colorado bring
The number up to thirty-eight.

Montana, Wyoming, Washington,
Idaho, North and South Dakota form
And now in eighteen ninety-six, we find,
Utah which closes the number up to forty-five.

❧ President Verses. ❧

Of all the honored list of presidents,
George Washington was first to the White House
sent ;

Honest, noble, great, good, and wise,
With the Bay State John Adams to advise.

Two terms filled with whiskey rebellion,
Capital placing, treaty with Spain and England,
They serve ; and admit three new states,
Vermont, Kentucky, Tennessee.

Second on the line, John Adams find,
With Thomas Jefferson called into line ;
To quell the once friendly France,
The Alien and Sedition laws advance.

James A. Garfield, Chester A. Arthur,
As twenty and twenty-one we'll place ;
Garfield is shot, the country mourn,
And Arthur holds rule alone.

Twenty-two a democratic president we place,
Grover Cleveland with Thomas Hendricks ;
There's trouble ahead with labor disturbances,
Earthquakes and Indians in the West.

Benjamin Harrison as twenty-three have we,
Grandson of Wm. H. is he ;
The Johnstown flood comes two states he admits.
Idaho and Wyoming.

As twenty-four Grover Cleveland we have again
With Adlai Stevenson to rule o'er our land.
With the World's Fair at Chicago
And North and South Dakota, Montana, Washington.

As twenty-five Wm. McKinley we see
With Garrett Hobart by his side
The tariff bill trying to decide
And help the money question's side.

Now this last makes us twenty-five presidents
Twenty-six administrations
And twenty-nine terms
Of republic rule both good and bad.
